The **Independent Monitoring for Quality Team (IM4Q)** interviews people who receive services through the intellectual / developmental disability (IDD) system and their families about their quality of life, what is working, and what changes they would like to see. The information gathered is critical for planning and quality management initiatives both in Bucks County and through the office of Developmental programs (ODP).

This part-time position is ideal for individuals living with IDD or a family member of someone with IDD.

We offer flexible hours, and a competitive hourly wage. Mileage reimbursement for interviews conducted in person.

The company is an Equal Opportunity Employer.
